Dear Peter,

I have got your address from Jutta Reichardt and from EPAW. It is a great pleasure for me to send you a letter of support in order to assist you against the ANTI-WIND MOVEMENT.

It is absolutely not true, that the whole western world is happy having wind farms. More than 40 citizen's initiatives only in Schleswig-Holstein voted against windfarms in our areas. All over Germany more and more people are fighting against this pure nonsense.

I am wishing you very good success in protecting your beauty of ORAVA Highland. Please read and show the enclosed letter.

Best regards,
Petra Tiemann
