Dear Peter

I thoroughly support your opposition to industrial wind farms especially in a rural district.

Please send me your questionnaire. I lived at a distance of 850-900m from the wind turbines of Poggi Alti (Scansano) in Italy - I had to abandon my home because of the symptoms (see My Italian Windfarm Diary on www.wind-watch.org). We were both (my husband and I) test subjects for Nina Pierpont's book: Wind Turbine Syndrome.

Kind regards,

Gail (Atkinson) Mair
